

CP-SAT Foundation

This is the foundation level exam to assess your Selenium Eco System knowledge using Multiple choice questions

CP-SAT Advanced

This is the Advanced level exam to assess your Selenium Eco System knowledge using Practical Scenario based questions

CP-SAT Expert

This is an expert level exam to assess how you can design an end to end, cross browser scalable, continuous testing automation solution

→ CP-SAT Foundation Examination Process v 1

CP-SAT Foundation Examination Process v 1

Release date 11th July 2022

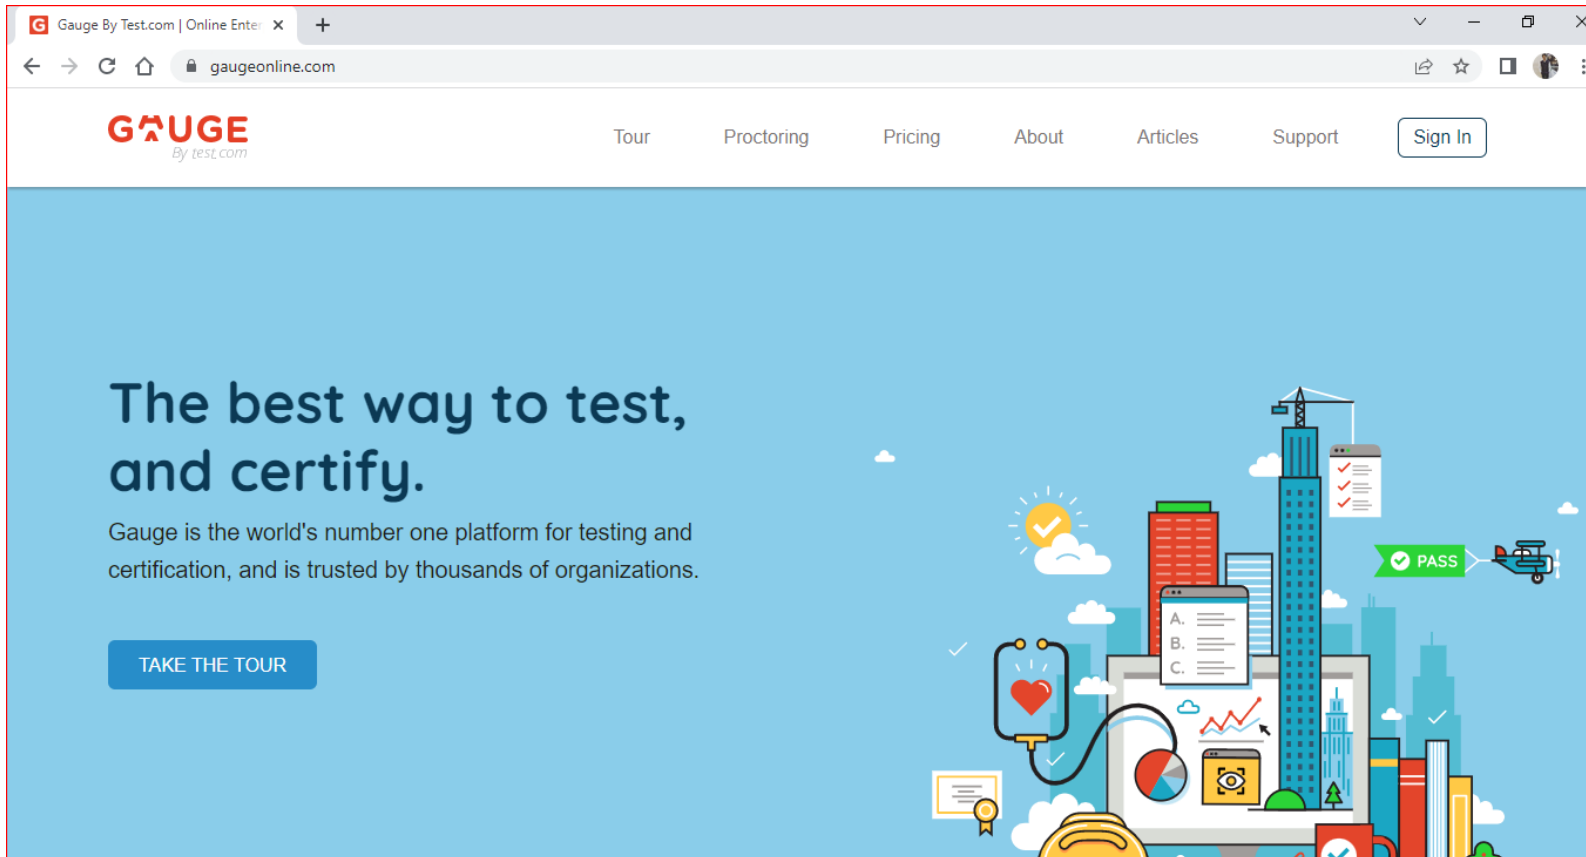

CP-SAT foundation level exam is a self proctored exam

This presentation explains the process in a step by step manner. Please go through all the slides.

Please ensure you take a self proctored practice exam, before appearing for the real exam.

CP-SAT Foundation Examination Process v 1

Step - 1

Step 1 – Open the following URL on Chrome Browser and Click on Sign In at the Top Right Corner.
<https://gaugeonline.com/>

CP-SAT Foundation Examination Process v 1

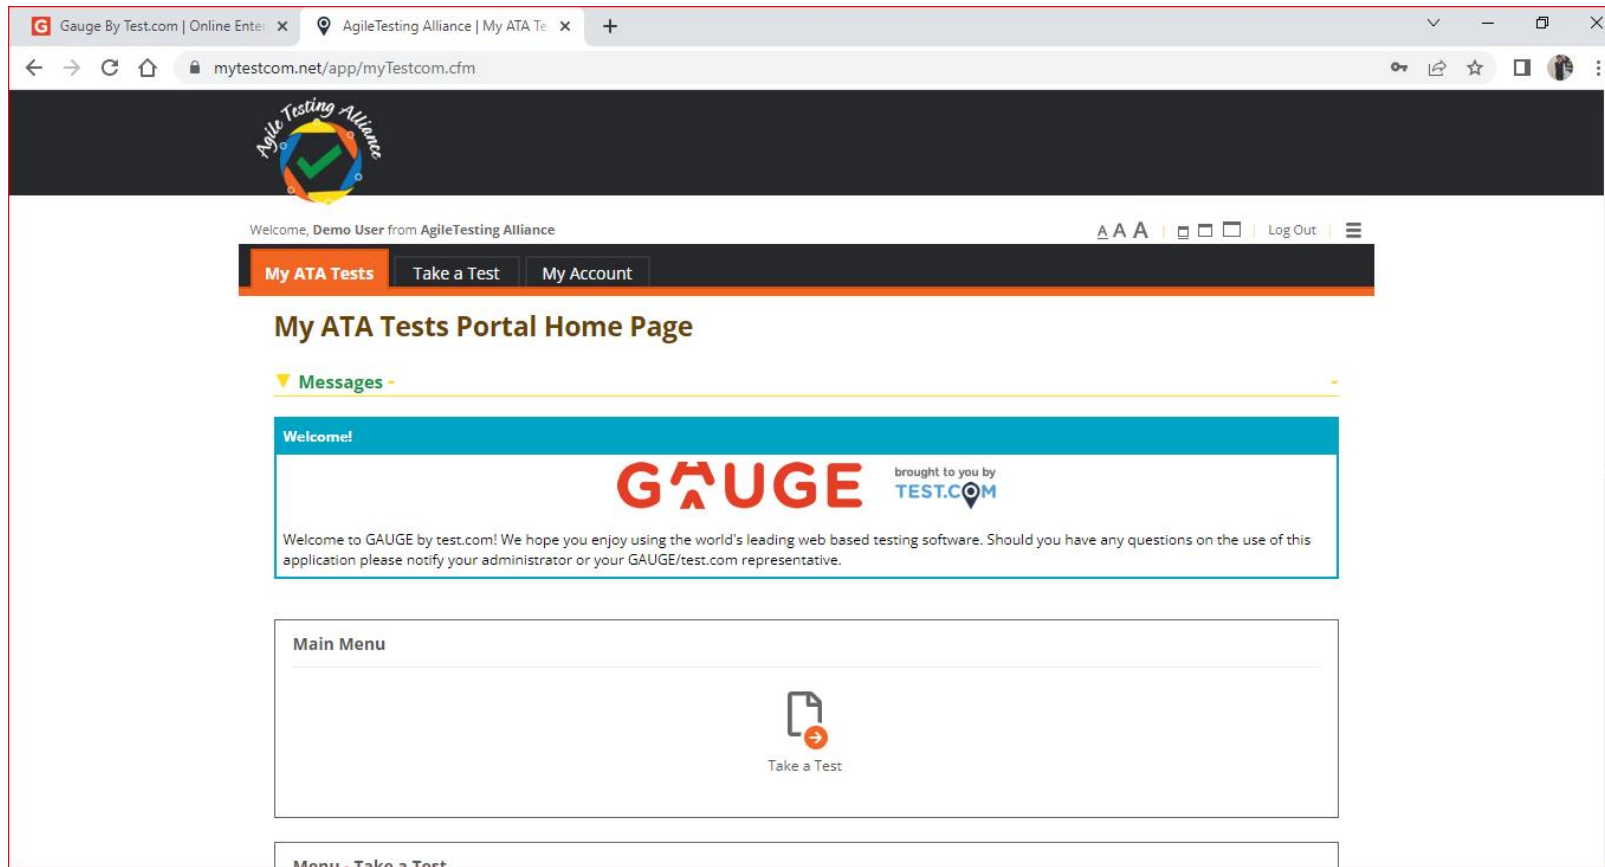

Step - 2

A screenshot of a web browser showing the login page for Gauge By Test.com. The browser's address bar shows "mytestcom.net/app/myGauge.cfm". The page has a black header with the "Gauge By Test.com" logo. Below the header, there is a message "In order to proceed, you need to log in." followed by a login form. The form has a "Please log in." label, a text input field containing "DemoUser123", a password input field with masked characters, a "Log In" button, a "Forgot?" link, a "Register to get started." label, and a "Register" button. At the bottom of the page, there is a row of small flags representing various countries.

- **Step 2** – Enter the credentials as shared by the **CPSAT Support Team**
- (Please note: They are case sensitive)
- **Account Code:** **agilein123**

CP-SAT Foundation Examination Process v 1

Step - 3

Step 3 – On successful login, click on Take a Test

Certified Professional - Selenium Automation Testing

This paper is created to help you familiarize with our new ProctorFree platforming.

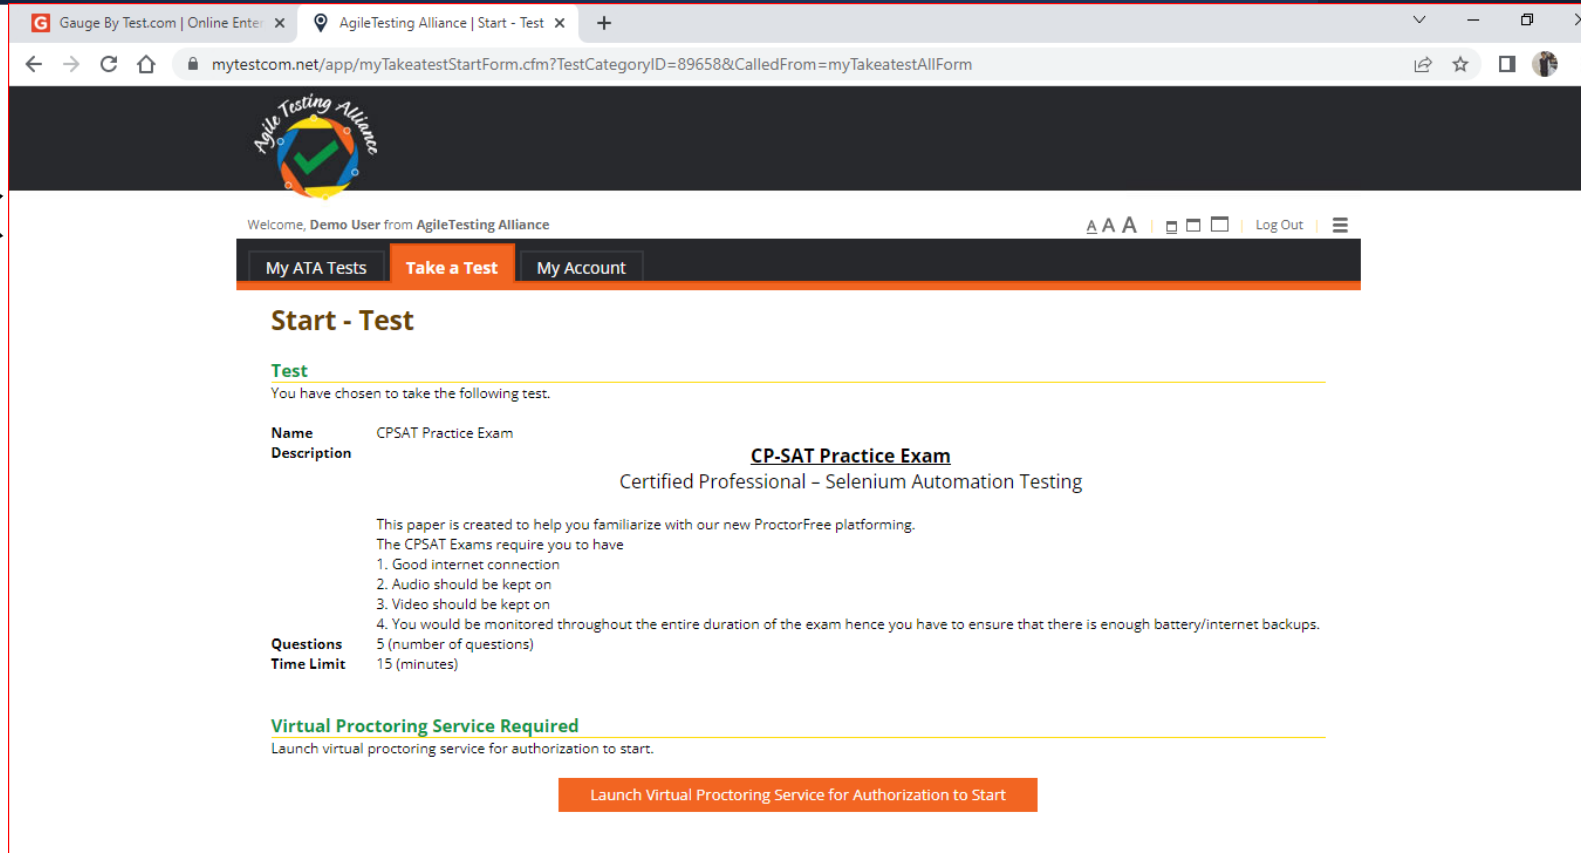

The CP-SAT Exams require you to have

1. Good Internet connection
2. Audio should be kept on
3. Video should be kept on
4. You would be monitored throughout the entire duration of the exam hence you have to ensure that there is enough battery/internet backups.

- Step 4** – You will be able to see Two (2) examinations assigned to you
- CP-SAT Practice Exam (This exam is to make you familiarize with the self proctoring platform)
 - Once you have taken up the practice examination you can appear the actual examination immediately or take some break as per your convenience.

Step - 5

The screenshot shows a web browser window with the URL `mytestcom.net/app/myTakeatestStartForm.cfm?TestCategoryID=89658&CalledFrom=myTakeatestAllForm`. The page header includes the Agile Testing Alliance logo and a welcome message for a demo user. A navigation bar contains links for 'My ATA Tests', 'Take a Test' (highlighted in orange), and 'My Account'. The main content area is titled 'Start - Test' and displays details for the 'CP-SAT Practice Exam'. It includes a description of the exam, a list of requirements (internet connection, audio/video on, battery/backups), and the number of questions (5) and time limit (15 minutes). A section titled 'Virtual Proctoring Service Required' instructs the user to launch the service, with a corresponding orange button at the bottom.
